Important Information

Robinhood Securities, LLC ("RHS") carries your account as the clearing broker by arrangement with your introducing broker-dealer, Robinhood Financial LLC ("RHF"). If this is a margin account and we maintain a special miscellaneous account for you, this is a combined statement of your general account and special miscellaneous account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special miscellaneous account as required by Regulation T is available for your inspection at your request.

The per annum rate of interest charged on debit balances in your account may change from time to time in accordance with fluctuations in interest rates. Interest is computed from the 1st day of the month to the last day of the month. The interest is based on the average daily balance in your account with us, and for the actual number of days based on an interest year of 360 days. When calculating margin interest, free credit balances in all accounts will be offset against any debit in the margin account and the interest will be charged on the new debit balance.

We are required to report to the Internal Revenue Service all cash dividends and interest credited to your account on securities held for you in our name. All dividends and interest credits should be included in your income tax return.

Information relative to fees and any other charges incurred in connection with listed option transactions occurring during the month has previously been furnished to you in confirmation of such transactions. A summary of the information will be made available to you promptly upon request. Exercise assignment notices for option contracts are allocated among customer short positions pursuant to a manual procedure which randomly selects from amongst all customer short option positions including those contracts which are subject to exercise. All short American style option positions are liable for assignment at any time whereas European style options are assigned at expiration. A more detailed description of our random allocation procedure is available upon request.

For further information, please contact RHF.
